

California Regional Environmental Education - Community Network Region 10

Teaching Science to Elementary English Language Learners Workshop
www.creec.org/region10

PURPOSE

To help instructors feel comfortable with California State Science Standards and the California State Science Standards and the California State English Learners Standards. Tips on how to use science (specifically environment education) to teach language will be presented along with Project Learning Tree Curricula. Curricula will be distributed free of charge to workshop participants. Grant Information will also be presented .

PRESENTERS

Project Learning Tree
Certificated Facilitator
Sara Steck
